BUREAU BAS SMETS

« Dans cette édition de *TLmag*, les paysages qui s'ouvrent à nous au fil de ces pages sont le fruit de témoignages de grands penseurs, artistes et paysagistes et visionnaires d'une terre en mutation. » / "In this edition of *TLmag*, the landscapes that open to us throughout these pages reflect the testimonies of great thinkers, artists and landscapers, and visionaries of a changing Earth."

Lise Coirier,
 Publisher & Editor-in-Chief

« En tant qu'architecte paysagiste, j'essaie d'imaginer de nouvelles façons d'agencer le territoire qui puissent profiter à toutes les formes de vie. Chaque projet donne lieu à l'invention d'un monde nouveau. La relation avec la science et l'art est cruciale dans ce processus de création. » / "As a landscape architect, I try to imagine new ways of transforming the land which will be beneficial to all life forms. Every project invents a whole new world. The relationship with science and art is crucial in this invention."

Bas Smets
 Guest Editor & Landscape Architect
